

LINE OF BEAUTY AND GRACE

A documentary about Jock Sturges

This is a tale about photography and beauty, art and life.

SYNOPSIS

LINE OF BEAUTY AND GRACE is a tale about photography and art, family and life, dealing with the history of man and woman, life and art. Many art historians consider Jock Sturges, born in 1947, to be one of the most important fine art photographers of our times.

As a catholic and graduated in psychology and photography he survived the attacks of conservatives in the United States. Sturges has created a series of intensely powerful and moving photographs, with an outstanding sensitivity for composition and light - which, in the words of one critic, "is almost pain". As well as Jock Sturges's artistic work is an uncompromising search for truth and clarity. His private life is marked by his open nature and inspired by the love he shares with his wife Maia.

In LINE OF BEAUTY AND GRACE, the filmmaker and photographer Christian E. Klinger journeys into the life and work of this extraordinary man.

BIOGRAPHY: JOCK STURGES

Jock Sturges was born in New York City, and worked in San Francisco for many years. He graduated with a BFA in Perceptual Psychology and photography from Marlboro College in 1974. Later, he received an MFA in photography from the San Francisco Art Institute in 1985.

Many of Sturges' works feature young girls and boys in the nude. Sturges's work has stimulated controversy beginning with his first published collection, *The Last Day of Summer*.

His published collections include: *The Last Day of Summer* (1991, Aperture), *Radiant Identities* (1994, Aperture), *Jock Sturges* (1996), *Jock Sturges: New Work 1997-2000* (2000, Scalo) and *Jock Sturges: Notes* (2004, Aperture).

He has exhibited widely in the United States, as well as, in France, Germany and Japan.

His photographs are in the collections of the Museum of Modern Art and the Metropolitan Museum of Art in New York, the Bibliothèque Nationale in Paris and Museum für Moderne Kunst in Frankfurt.

Sturges's large black-and-white and colour prints are all shot with an 8x10 large format camera. Today he works with a digital camera as well. Sturges's most recent photographs are in colour.

He lives in Seattle, Washington with his wife Maia and their daughter Marine.

DIRECTOR'S NOTES

I have always been obsessed with the fleeting idea of beauty. It is in the times of political correctness a lonely quest to find an artist working beyond the superficial world of fashion. One who is brave enough to take a path the pin-up and the borderline art. I was greatly moved when I discovered his work and his warm and generous personality.

These were the emotions, which inspired LINE OF BEAUTY AND GRACE.

The main question we posed was, "what is beauty and why is the work of Jock so inflaming?" We were unable to answer this clearly. And it is maybe this inability, which becomes the strongest criteria in defining beauty and art.
